ENVIRONMENT POLICY OCEAN COMPANY LTD.

OCEAN ltd., a company specialized in local and international Moving, Storage, Packaging and Office moves, presents this policy as a statement of its commitment to implementing an effective model of Environmental Management. This includes all its operations and work centers, as well as all the business partners (employees, clients, providers and other business associates), who are on the business premises and/or under their control.

OCEAN ltd. is committed to:

✓ Comply with current applicable Local and International environmental legislation.

✓ Provide all employees with a healthy work environment.

✓ Provide training to workers with the aim of divulging, raising awareness and mobilizing all the company to care for the environment.

✓ Implement procedures, measures and controls for the prevention and mitigation of the environmental impacts, associated with the generation of waste (ordinary, recyclable and hazardous), consumption of natural resources (energy and water) and generation of atmospheric emissions.

✓ Achieve the continuous improvement of all our processes with the aim of optimizing resources and to contribute to the environment through inspections and observations performed in the installations and equipment.

The Senior Management of OCEAN Ltd. takes responsibility for ensuring the dissemination of and compliance with this policy, and for its revision, and update when necessary.

Eran Drenger, CEO
